All the heavy stock of Amos Parker, consisting of eight horses, teams, harnesses, etc., was sold by public auction, Thursday. Good prices were realized on everything sold.
The regular monthly meeting of the directors of the Shirley Co-operative bank will be held at their rooms in Peasley's block next Tuesday evening at eight o'clock.
Herbert F. Taylor, superintendent of Industrial School for boys, addressed the brotherhood of the Leominster Congregational church, Tuesday evening, on the subject, "Industrial education."

Eugene Livermore, receiving clerk at the C. A. Edgarton Co., has returned to his duties after a week's absence on account of sickness. He spent a few days first of the week in Portland, Me. Mr. Livermore is recognized as one of the most accurate and painstaking clerks in the employ of the company.

Altruism.
The Altruists held their regular meeting, Thursday afternoon, opening at 2.30, Mrs. Hazen presiding. The minutes of the last meeting were read by the secretary. Report of the reciprocity meeting, held at Pepperell,

was given by Miss Grace M. Kilburn, who with the president, Mrs. Hazen, Mimes, Evans, Harlow, Baker and Cooper attended the meeting and reported a delightful time. Mrs. Cooper and Kilburn gave very fine papers on George Elliot and the negro. Music was interspersed between the papers, and an excellent lunch was served by the Pepperell ladies.

Mrs. Susan Barker of Ayer then addressed the meeting by giving an interesting account of Mrs. Brownlee's system of moral and civic training of children in schools; good thoughts awakened the child to higher powers, such thoughts made the character and led to lofty ideals. Let the child sit alone and think a good thought watching this thought through the day, they would grow into a healthy child. Mrs. Barker referred to words being selected in some schools for each month, such as love, kindness, courtesy, self-control and many other good words to be constantly before them in schools; they should also be taught reverence for law and order. The opinion of children should be recognized and a chance given them to exercise what they know. Boys and girls are bound together a great deal; "What should they talk about?"

The paper was given in Mrs. Barker's quite pleasant manner and was greatly enjoyed. A rising vote of thanks was given her at the close. Discussion followed the reading and many different thoughts were expressed on the subject.
Mrs. Merriman and Mrs. Kate E. Hazen attended the Fitchburg Woman's Club musical last week, and reported a first-class entertainment, greatly enjoyed by both. Mrs. Merriman also spoke of foriatri, being taught in the high school of Fitchburg, and one of the young Shirley boys taking up the course in order that he might enter the competition of being one of the boys the government intends sending to Germany for study. Other business matters were attended to and the meeting adjourned.

TOWNSEND.

Supt. E. L. Haynes went to Kennebunkport, Me., to attend the funeral of his wife's father, Mr. Fairchild, which was held Thursday. Mrs. Haynes was called to her father's bedside a few days ago. Mr. Fairchild recently made a visit here and was pleasantly remembered for his genial disposition. The family have the sympathy of all in their bereavement.

The committee for the first Armistice gathering to be held at the Congregational vestry, Friday afternoon, and evening, December 24, have in preparation of this an interesting program. It is hoped all who can will be present.

WESTFORD

Center.
Mrs. Helen Leighton's Westford friends much regretted to hear last week that she was detained from her teaching in Hollis by an attack of diphtheria. At Thanksgiving time, when a number of cases prevailed in our own town, Mrs. Leighton refrained from joining the relatives here, not wishing to take any risks on her daughter Frances' account, and now to have taken it herself seems most unfortunate.

Mr. and Mrs. A. H. Sutherland and Mrs. S. B. Wright have been attending the sessions of the state grange at Springfield this week.

The library's legacy of \$1000, by the will of the late John M. Osgood, has been received by the town. The sum is slightly reduced by the inheritance tax. Earlier in the year \$150 was received in a similar way from the estate of Mrs. Jennie Reed Wilkins. The loyalty of these former residents and the substantial help to the library will be sincerely appreciated by the town.

A very attractive collection of photographs of Yellowstone park is to be at the library until December 23.

Social and Sale.

The Loyalty club of the Congregational church held a social and sale in the vestry last Thursday evening. This club is formed of girls in the Sunday school and was organized by Mrs. H. G. Osgood and Mrs. Marshall. Ill health has compelled Mrs. Osgood to give up her work with the class for the present, and Mrs. Lillian Lambert has most capably taken her place, and under hers and Mrs. Marshall's direction their first social was a most creditable success. There were sales tables for fancy and useful articles, food and candy.

Refreshments of cake and cocoa were served during the evening. An entertainment of song and duets were given by Adrith Carter, Elizabeth Kimball, Ethel Richardson and Mabel Woodbury after which Henry Van Dyke's beautiful story of "The other wise man," was read by Miss Martha Taylor and illustrated with the stereopticon owned by the church. Arthur E. Day manipulated the slides. About twenty-three dollars were realized as a fund for the treasury of the club. The presentation to the vestry of a piano chair, a much needed article, is one of the uses planned for a part of this sum.

Banquet.

For seven consecutive seasons the social event in the Congregational church calendar for December has been the annual church banquet. This season's affair took place Tuesday evening of this week at the church and was carried out on the same general plan as its predecessor, although in no wise lacking in originality and interest for time rings many changes and the groups of people gathered at the long tables are never twice alike. Tuesday evening's gathering proved a real success with its good weather, large attendance, fine supper and list of good speakers.

People began to gather by half past six in the audience room, and at seven promptly formed in line and marched to the vestry, where an appetizing menu of chicken pie, mashed potato, squash, celery, rolls, coffee, pies, sherbet and fruit was spread. During the gathering of the guests Mrs. C. P. Marshall presided at the organ in her own skilful way. The decorations were in the Christmas colors of red and green. There were long runners of red through the center of the tables, with twigs of hemlock, and at regular intervals vases of brilliant poinsettias with greenery wreaths, stars, and hemlock branches were also used to advantage about the rooms.

After the supper had been faithfully attended to with its accompaniment of merry sociability the toastmaster, John P. Wright called to order and with his inherent keen wit and gift of quick repartee that have endeared previous gatherings introduced old friends with fresh messages as well as a number of new speakers. The program was not too long, each speaker keeping within the allotted time and the audience had no time to get tired, and many a hearty laugh should have

proved an antidote for any indigestion.

The good pastor of the church came first with one of his inimitable Scotch readings, entitled "On the craft."

The next speaker introduced was Rev. Allan C. Ferrin of the High Street church, Lowell. With his pleasing personality, this speaker brought felicitous greetings balanced with a few earnest thoughts on the constructive and destructive side of the building of human character.

The next speaker was also new to the audience, Miss Edith Lawrence of the academy teaching force, who gave a graceful and charming sketch on toasts and toastmasters from the ancient times to the present. This enjoyable number closed with a most original and pleasing acoustic on the name of the toastmaster of the evening, contributed by Miss Elizabeth Cushing. Mrs. Ada L. Webber of Littleton, always a welcome guest at our gatherings, next gave a solo rendered with her full musical voice and expressiveness.

Henry Smith, president of the Lowell board of trade was then introduced, and in the time allotted gave a thoughtful presentation of some of our modern economic conditions.

Miss Martha J. Taylor followed, the subject of her toast being "The farmer." This was given in Miss Taylor's happiest vein, and was a discriminating treatment of many phases of the lives of the dwellers in our rural communities.

W. Wheeler then responded to the toast, "Opportunity, a home." Logic and good sense characterized the treatment of the opportunities for livelihood and development of character the speaker saw right in our midst.

Music next interspersed the speakers, when John S. Greig gave a solo, and Principal Woodward of the academy closed the program with some thoughts on "School life," given with the insight of the experienced teacher.

At the beginning of the banquet Rev. B. H. Bailey invoked the divine blessing in his own impressive way and at its close the audience rose to their feet and sang with much heartiness a verse of "Auld Lang Syne," after which came social greetings and the gradual dispersing of the gathering.

The committee in charge of the program was Mr. Marshall and Charles O. Prescott. Those in charge of the supper were Mrs. Taylor, Knight, Wheeler, Whitney, Hartford and Misses Atwood, Leighton and Burnham. Decorations, Mrs. Greig, Hartford, Merritt and Woodward, and Misses Taylor, Grant, Burnham, Cushing and Lawrence.

About Town.

As the guest of W. W. Manning of Ayer, W. R. Taylor attended the banquet of the Wachusett tennis league, held Thursday evening at the Sterling Inn, Sterling.

The Fortnightly club is still a useful factor in the realm of the town nearest the north pole. If its contributions to society prove only the "Widow's mite," even this is much better as a lighting influence than a lighted candle "under a bushel." The next meeting will be held at the Wright schoolhouse, Friday evening, December 24. The exercises will be largely of a Christmas nature. Study the mood for a good time and bring it with you. This is safer than trusting the others to bring it about.

Mill pond skating at Brookside was the sport the rear day of last week, and open water close by. The next thing liable on the program may be mill pond drowning. History for warning is a failure. Grassy pond has ten acres of skating water two feet deep. You can't drown here unless you go in head first and are anxious to stay there.

Hon. Herbert E. Fletcher and family are spending purely pleasurable days in New York city. They will return in season to brighten Christmas days with home and village life. While absent Mr. and Mrs. Hill from Vermont, Mrs. Fletcher's father and mother, have been visiting at the Fletcher home on Oak Hill. Mr. Hill fell down stairs into the cellar, breaking his arm in two places.

John Adams Taylor is home from Miami university for the voices of Christmas time.

Mrs. Leonard Walker of Groton is spending these bright sunny days with the bright sunny people at the Walker homestead on Main street.

Mrs. F. W. Banister is ill with incompatibility of throat difficulty.

Plans are being matured for the Farmers' Institute to be held in Westford in January. Our own native townsman and academy graduate, George Albert Drew, has consented to give the morning address on "Orcharding." At present he has charge of a large estate in Greenwich, Conn. Rev. Benjamin H. Bailey has been engaged as toastmaster, which is evidence that there will be something stirring in wit, wisdom and anecdotes. In Mr. Trol-

the committee on institutes has engaged a reader of well-known ability, to produce amusement. For afternoon it is expected that Professor Ford of Amherst agricultural will give an address on "Corn," although the afternoon program is still uncertain in nature. While the date has not been fixed, it is hoped to have it as early as the second Wednesday, January 12.

Westford Academy.

The meeting of the trustees of the Westford academy was held at Boston last Saturday. The members present included Hon. John D. Long, Hingham, Rev. Edward A. Horton of Boston, Henry M. Wright of Quincy, J. Henry Fletcher of Belmont, J. Adams Bartlett of Chelmsford, Abiel J. Abbot, Geo. T. Day, Captain Sherman H. Fletcher, Walter C. Wright and Charles O. Prescott of Westford. The treasurer's report was read and accepted, showing the funds of the corporation wisely administered. The following officers were elected:

George T. Day, pres.; Hon. Herbert E. Fletcher, vice-pres.; Capt. Sherman H. Fletcher, sec.; Abiel J. Abbot, treas.; George T. Day, auditor; John C. Abbot, Capt. Sherman H. Fletcher, George T. Day, standing committee; Rev. E. A. Horton, Abiel J. Abbot and Julian A. Cameron, committee on teachers; Abiel Abbot, Adams Bartlett, J. Henry Fletcher and Hon. Charles S. Hamlin, committee on loans and finance.

The standing committee, having engaged Mrs. George T. Day to prepare a catalogue of former teachers and students up to the time of the Centennial, reported that 2500 names had been catalogued and ready for printing. This will prove exceptionally interesting reading for all lovers of history and especially for all who knew Westford academy in its infancy, and in its honorable and useful life, in its preserver usefulness of our own day of added opportunities. Thanking the compiler in advance, we thank the safe manners, as a perusal of this history is likely to prove interesting and absorbing.

Forge Village.

Mrs. Courtney, mother of Mrs. Geo. E. Mountain, while going for milk, Friday morning, slipped on some ice on the railroad crossing and fell, breaking her wrist. Charles Fianagan, flagman for the Boston and Maine crossing, witnessed the accident and assisted her to her home close by, where Dr. W. H. Sherman set the broken bone. The accident is doubly painful to Mrs. Courtney on account of her age, which is eighty-four years.

Christmas exercises were held in Cameron school on Friday afternoon, December 17. The rooms were tastefully decorated in keeping with the season. The school will remain closed until December 27.

The annual Christmas tree will be held in Recreation hall, Monday evening, December 19, for the Sunday school children of St. Andrew's mission. A varied program has been arranged, and Santa Claus has already sent word that he will arrive promptly at 7.30. A cordial reception awaits him.

Miss Annie P. Keefe and Willis Keefe of Townsend Harbor were week-end guests of Mr. and Mrs. John Carmichael.

Rev. Thomas L. Fisher will celebrate the twenty-fifth anniversary of his ordination in St. Luke's church, Malden, Sunday, December 19. Rev. Mr. Fisher began his ministry there, and also built the church. Rev. Thomas J. Crosby will conduct the evening service at St. Andrew's mission by exchange.

William Burnett has been confined to his home the past two weeks by illness. Dr. Cyril A. Blaney is attending him.

Death.

Henry Catchpole, with his son, John W., and daughter, Miss Emily, attended the funeral, Monday, at Worcester, of Westell C. Kirk, the fireman who was killed Friday by being caught under a wall.

Westell C. Kirk was the youngest of eight children of Mr. and Mrs. William Kirk, former residents, who were one of the earliest English families to settle here. Besides his aged parents, he leaves a wife and five small children, the youngest seven weeks old, four brothers, one of whom is driver for the fire wagon in Worcester, one a special police officer of Leominster, and three sisters. Deceased was thirty-four years old and appointed a permanent fireman a short time ago. Mrs. William Kirk, mother of deceased, is a sister of Henry Catchpole, and this is the first death to occur in that large family.

IN AUTOMOBILING, as in all other things, you must always be ready to meet the unexpected.

If something goes wrong or breaks in the running mechanism of your car, the quickest way to reach a garage is by TELEPHONE.

Then, too, if you're on a trip and want to order a dinner, arrange for the night, find out about the road ahead, or send back some word you forgot to say in starting, a Blue Bell Sign by the roadside assures you that there is a telephone nearby that will connect you with any possible point in the great Bell System.

The public is very cordially invited to both of these Christmas celebrations.

Fatal Accident.

Mr. and Mrs. James Gately were shocked first of the week to receive a telegram informing them of the death of their son-in-law, Joseph Stacy of New York city.

Mr. Stacy was an iron and structural worker, and with a number of fellow workmen was engaged in the erection of one of New York's sky scrapers, when one of the large iron girders that was being hoisted broke away from the cables and crashed on top of the men, killing instantly Mr. Stacy and some others, one workman having his head completely severed from his body.

The accident happened last Saturday evening after dark, the men working with the aid of electric lights.

Mr. Stacy was one of the most skilled workmen in his line, his duties requiring expert ability, besides being hazardous.

The body was taken to his old home in Canada for burial. He leaves besides other relatives a wife and three children.

Mr. Stacy was thirty-eight years of age and was known here in Shirley by some of the residents. The widow, formerly Miss Mamie Gately, is a native of Shirley and will know her.

Much sympathy was expressed throughout the town for Mrs. Stacy when the sad news became known, as both Mr. and Mrs. Stacy had the esteem of all who knew them.

Death.

That trouble and sorrow never come single handed seems to have been the rule in this case, as last Sunday Mr. and Mrs. James Gately were notified of the death of their nineteen months old granddaughter, Marion Suhlke, daughter of Mr. and Mrs. Suhlke of Leominster. The cause of death was heart trouble. Funeral and burial took place Wednesday.

The father, Mr. Suhlke, who is a traveling salesman, was coming home from Pittsburg, Penn., to attend the funeral of his little daughter and came near being killed, as the train he was hurrying home on was wrecked and a number injured.

Our town to the front, Pepperell in the lead, showing the way to an organization about 5000 granges strong. Such is the honor credited to a lady citizen of ours, as shown by the following, copied from the National grange official organ:

"The first purpose of the lecturer should be to arouse the thinking powers of the members, to make the program suggestive of worthy things beyond what it actually contains. Thus is the grange serving its members in more than the present moment by opening up avenues that lead to future thought. Of such suggestive programs which have come to the editor, it is hard to find a more striking original one than that of the Middlesex Worcester Pomona, No. 3, of Massachusetts. This lecturer is Mrs. L. E. Starr of Pepperell, and the program is certainly suggestive of advance thinking."

At the Christmas services in the Unitarian church on Sunday, December 19, Rev. D. R. Child will preach on "The search of the shepherds." The Sunday school will join in this obser-

Following this distribution came the serving of dainty refreshments to guests and pupils, the dishes with which the table was spread being loaned by the mothers of the pupils. Rev. G. M. Death.
Mrs. Elizabeth E. Low died at her home on Washington street, Saturday morning, December 11, from the effects of a shock that she experienced November 24. She had been in failing health about two years. She was born in New Hampton, N. H., one of the five children of Jonathan and Martha (Copp) Dolloff, on March 8, 1827, and was in her eighty-third year. She married John Hoyt of Lowell, who died about fifty-three years ago. They had one son who died in infancy. On August 20, 1868, she married John Willis Low of New York city, a cousin of Seth Low, the noted mayor of New York.

Twenty-five years ago Mr. and Mrs. Low came to Ayer, where Mr. Low died twelve years ago.

Mrs. Low has been an active woman and a good worker in the various organizations with which she was connected. She was a member of the Unitarian parish, the social gathering, the Unitarian Woman's alliance and charter member of the Ayer Woman's club.

Moving Pictures.
The big feature picture for Saturday evening is Sellig's great thrilling film, "The peasant prince." The peasant assumes the disguise of a prince to be near the lady he loves, is accepted by her and then torn from her for a short time by cruel fate, only to be restored as her lover when she understands it all. The story is one of those that appeal irresistibly to the audience, and so well is it staged and so interesting is it throughout that there is never any question about the satisfaction of those who see it. A good love story is always popular, and the capable company which develops this one has caught the spirit of the piece and interprets the author's thought with striking fidelity and with a dash which carries one along with it, almost unconscious that it is a picture and not an actual scene. The acting of the young artist is exceptionally good and it is fittingly supported by Pauline, the girl whom so many loved. The scenes are spirited, and even during the duel there is intense interest in the outcome. The ending is happy, showing that an artist may become wealthy and influential, though they are so many times represented differently. It will hold the interest of the audience from beginning to end.

The Wednesday evening pictures are to be omitted until after the holidays.

The Churches.
The service on Sunday, December 19, in the Unitarian church will be conducted by Rev. F. K. Gifford of Melrose. Sunday school at twelve.

In St. Andrew's Sunday, Rev. Thomas J. Crosby of St. Luke's, Malden, will conduct the services at ten and eleven a. m. Advent service on Monday at eight p. m. The Sunday school Christmas tree festival will occur in the church Christmas eve, Friday, at 4:30 p. m. The celebration of Christ's Nativity will be on Christmas day at ten a. m.

Edwin N. C. Barnes, who gave a song recital here a couple of months ago, has been given the conductorship of the Choral Union at West Acton. Mr. Barnes will have about forty voices with which to work. The union is taking up the Rose Maiden.

LITTLETON.
Woman's Club.
Last Monday afternoon a good number of the members of the Woman's club and their guests met in the Baptist vestry to hear Miss Mary E. Evans of Nashua speak on Dr. Grenfell's work.

The meeting was called to order by Miss Gertrude F. Sanderson and was prefaced by a piano solo, beautifully rendered by Miss Edith Marlon Sweet.

Mrs. Elizabeth Proctor was chosen delegate to a meeting soon to be held in the interest of pure food.

The name of Mrs. Allura Stratton was proposed for membership, the same to be voted upon at the next meeting.

The speaker of the afternoon was delightfully introduced by Miss Sanderson and gave an illustrated lecture of marked interest and instruction. Miss Evans gave a vivid narration of her voyage to the Labrador coast a few summers ago in the interest of the Deep Sea Mission. By the aid of stereopticon she conducted her audience in imagination into the region of icebergs, the land of perpetual frosts, and the homes of the deep-sea fishermen.

During her brief season of three months on the Labrador coast, Miss Evans, in the capacity of district nurse and medical missionary, cared for 400 patients, only three of whom died, and conducted religious services for the families of fishermen and other inhabitants of the country. Owing to falling health, she was obliged to discontinue the work into which she entered so enthusiastically among a soul hungry and receptive people.

Her views of the country, the homes, the hospitals, the voyagers' shelters, esquimos, dogs, seals and other things characteristic of Labrador, beautifully supplemented her graphic account of the sights and experiences that entered her horizon during a short but fruitful service among a very appreciative people.

The vice-president extended to the able and interesting lecturer the appreciation of the club for her welcome contribution to their knowledge of the subject, and called for a rising vote of thanks to Dr. Godfrey for his service in throwing the views upon the canvas, a kindness many times repeated for the club.

Mrs. Alice J. Prouty concluded the program of the afternoon by most acceptably singing "The Furitan maid." The meeting scheduled for December 27 will be omitted.

Through the influence of Calvin Blood the old well by the roadside on Washington street has been fitted out with new pump and platform, tub and dipper, where the weary traveler can quench his thirst.

The stores and store windows have been made very attractive and inviting by the Christmas decorations. Don't go out of town for your Christmas purchases when you have such an opportunity to make your purchases right here. Next week will come the rush, and out-of-town purchasers should come early and often.

The telephone wires from the pole near where the Fitchburg and Lowell electric start is to be laid in the ground, and several men are digging a two-foot trench for the wires.

An effort has been made to start a lodge of the Order of the Owls in town, and two meetings were held at the Ayer Inn, the first meeting Sunday afternoon, December 5, and the second meeting Sunday afternoon, December 12, but there were not a sufficient number at each meeting to warrant the establishing of the Owls here. Shirley is the next starting point for a lodge of that order, and then if any one wishes to become one of the Owls, all that they will have to do is to go to Shirley. There are already in Ayer somewhere in the vicinity of twenty-five organizations, some secret and some not, and nine or ten of them hold their meetings in the G. A. R. hall.

A Bold Hold-Up.

Five strapping fellows took the four o'clock electric car for Lowell on Thursday afternoon, after arriving here on the four o'clock electric car from Fitchburg. Henry Donahue was the conductor, and he had some trouble

with one of the fellows, who tendered a twenty-dollar bill to pay for two fares to North Chelmsford. As the conductor could not change the bill, James F. Culver, who was on his way to Lowell, helped him out by changing the twenty-dollar bill for him. Words passed between the conductor and the fellow of not a pleasant nature, and during the conversation the fellow said, "I will fix you young man."
 On arrival of the electric at Merrimack Square, Mr. Culver was a little late to take the car for Lawrence, and had to wait for the next one. Before taking the next car he went into a restaurant nearby for a lunch, after which he stepped into the vestibule of the Lawrence car that was about to start, and was about to enter the car to take a seat, when the five fellows, who had been waiting for him, crowded about him, handling him not very gently and making considerable of an uproar. During the melee one of the fellows took from the right hand pocket of Mr. Culver's trousers the roll of bills they had caught sight of when he made the change for the conductor, and before he could give the alarm the fellows had scooped and taken with them the roll of bills, sixty-nine dollars in all. It was done quickly, not occupying in time over fifteen seconds. Mr. Culver, when the gang held him up, gave aloud alarm of his situation, but it was not heeded.

Fires.
 The alarm that was pulled in at 10.45 Sunday was for a lively blaze in the dwelling house of a junk dealer named Slavian. Thomas Ryan pulled in an alarm from box seven on Pearl street, while P. H. Hooley pulled in an alarm from box eight, at the corner of Cambridge street, causing a commotion in the alarm system. Although the firemen made very good time in responding to the alarm, the fire had gained considerable headway, getting up the wall inside and then along the roof to the upper part of the building, driving the flames out of the door and windows, but after a half hour tussle the fire was finally under control, the all-out coming in about twelve o'clock noon. Louis Pelton, who is freight agent at the freight house, occupied the upper floors of six rooms, and a good lot of his furniture was injured, not alone by fire, but also by water. On an investigation made by A. A. Fillebrown, chief engineer, it was discovered that the fire started in the corner of the shed and it looked very much as if the corner had contained old rags, but Slavian claimed that he did not have any old rags in the room, but said that he had some clean clothes hanging on the walls. When asked if he had any insurance on his furniture, he said that he had it insured through William Russell of Shirley for \$700. When asked if he had \$700 worth of furniture in the house, he said that he had a feather bed which contained 500 pounds of feathers. Louis Pelton states that his furniture was insured for \$500.
 The insurance on the building, owned by the estate of Harriet J. Reed, was \$767, insured by Arthur Fenner and was settled Tuesday.

The alarm of fire from box seven, Friday evening of last week, was for a grass fire near the Worcester and Nashua railroad track to Groton.

Supper and Entertainment.
 Over one hundred people enjoyed the oyster supper served by the young people of the Unitarian church in their vestry, Tuesday night. Those in charge were: Nettie B. Roe, Avis Burns, Alice and Evelyn Sanderson, Hortense Butterfield, Lucy Wyman, Helen and Emma Kinney, who were assisted by Mrs. W. B. Cotton, Mrs. Franklin Lawton, Mrs. A. C. Perkins, and Mrs. George J. Burns. The musical entertainment included selections by the High School Mandolin club, Bertha Perry, Sophia Delano, Ethel Andrew and Mabel Sargent; trio, cornets and piano, Roger Lawrence, Howard Stone and Charles Mullin; duets, piano and violin, Ada Parker and N. La Prade; piano solos by Ada Parker and Pearl Carley; vocal solos by Ada Parker.
 At the business meeting of the Unitarian gathering on Tuesday afternoon, the following officers were elected: Mrs. Emily Cotton, pres.; Mrs. Mary Beverly, vice-pres.; Mrs. Ida Perkins, sec. and treas.
 The election of committees was postponed to the next meeting.

An Opportunity for a Few Investors

The 8 Per Cent 10-Year Purchasing-Fund Gold Certificates.

ISSUED BY

The Wheel-Motor Traction Co.

This company has the sales monopoly of an improved form of commercial automobile, now in successful use by the U. S. Government and leading business concerns. The \$25,000 accumulated by the sale of these certificates is to be used for one purpose only—buying machines at the factory to fill orders. The machines are then shipped C. O. D. to the purchasers. Thus there is no credit risk, and the investors' money is neither tied up in equipment nor dissipated by expenses, but is either in cash on hand or convertible thereto at short notice.

Investors in this purchasing fund have the option of withdrawal of principal before maturity. A strong National Bank has agreed to act as trustee of this fund for and on behalf of investors—to see that it is kept intact and used only as a purchasing fund. This bank will pay dividends as they fall due and will return to any certificate holder, upon sixty days' notice, the amount of his investment or any part of it, should he desire to withdraw same at any time before maturity.

The total issue is only \$25,000, each certificate being for \$25. For the present, with each \$25 certificate is given one share of 8 per cent. preferred stock, par value \$10; and with each \$100 purchase five shares of preferred are given. This unusual opportunity really brings the net return up to about 12 per cent., with the prospect of selling the preferred for nearly enough to pay for the whole investment. We make this offer so that it will not be necessary for this announcement to appear extensively, as previous issues have been largely oversubscribed.

If interested in absolute security of principal, large and definite interest return, and opportunity of speedy withdrawal of principal before maturity if desired, this investment should receive your immediate attention. Communications and orders should be addressed, and checks made payable to,

Something New In Kitchen Ware

The "1892" Pure Spun Aluminum Ware is rapidly coming into use for cooking purposes. It is taking the place of agate and enamel ware because while its first cost is a trifle more than ordinary ware, it is really much cheaper in the long run, as it is guaranteed for twenty-five years and will last practically a life time.

The genuine "1892" Ware, made only from pure SPUN (not cast) Aluminum, will not crack, scale, peel, break, scorch or burn.

It looks like silver but weighs only about one-quarter as much, is easily cleaned and handled, and will not rust, corrode or tarnish. Absolutely pure, non-poisonous and wholesome; saves money, time and doctor's bills.

Be sure you get the original and genuine ware stamped with the Maltese Cross. At your dealers.

TOWNSEND.

West. One of Charles Patch's big white horses, which had long been a favorite of his female patrons, being safe and kind for a woman to drive, died at the stable one day last week from a violent attack of colic.

Mrs. A. J. Manchester has been quite ill at her home in Joslyville from an attack of pleurisy, and her niece, Miss Bessie Conway, who was visiting her home in Salem, has returned to assist in caring for her.

Miss Myrtle Adams, a teacher in the public schools in Waltham, has been a recent guest at the home of her sister, Mrs. Herman W. Lawrence.

While D. H. Damon of Ashby was driving from the Townsend quarry, his horse became frightened at the shrill whistle of an approaching train and bolted, clearing himself from the buggy and throwing Mr. Damon out against a telegraph pole, breaking his arm, and giving him several minor cuts and bruises. He succeeded in capturing his horse and drove to his home in Ashby, where his arm was cared for by Dr. Pope.

A little daughter was born to Mr. and Mrs. Ernest Kaddy of Cambridge, on Wednesday, December 3. Mrs. Kaddy is at the home of her grandmother, Mrs. William King, on the Fitchburg road.

The young people of the village are organizing a dramatic club and the first meeting was held at the home of Mrs. Louise McElligott with about ten present, and steps are being taken toward presenting a drama in the near future.

The schools closed for their Christmas vacation on Friday afternoon, to commence the Monday after Christmas.

Harry Marr, aged thirty-three years, passed away after a brief illness of pneumonia at the home of his wife's parents, Mr. and Mrs. Elbridge Hapgood, Tuesday morning, and his body was removed at once to Sawyer's undertaking rooms in Fitchburg, on account of the ill health of Mrs. Hapgood. Mrs. Marr and little daughter returned to their home in Fitchburg at once, and the funeral was held Thursday afternoon. Much sympathy is felt for the bereaved widow and little one, as well as for the mother, who arrived from her home in Nova Scotia, just a few hours after his death.

Charles R. Morgan met with a painful and serious accident at his home last Thursday afternoon, falling down a flight of stairs in his barn with a heavy box in his hands and breaking his arm. He was attended at once by Dr. Ely of this village and Dr. Lowell of Fitchburg, and is as comfortable as could be expected.

The L. L. A. S. entertainment and fair was one of the most successful for years, being well attended, and the sales tables well patronized. The farce "How the story grew" was well rendered by eight characters; an illustrated song, "Put on your old gray bonnet," given by James Dodds and Mrs. R. S. Ely, assisted by a chorus, was heartily enjoyed; and the cantata, "Adoration," directed by Miss Florence L. Austin of Cambridge, was a great success.

Mrs. B. M. Steele and Mrs. Edward Hutchinson from Dorchester and Lexington have been recent visitors at the home of their parents, Rev. and Mrs. J. H. Cox.

The meeting of the L. L. S. C., which was to be held with Mrs. Ellen Pratt, has been postponed till after Christmas.

The Baptist pulpit will be occupied Sunday morning, December 19, by Rev. Victor Waehs of the Methodist church at the Center.

The Christmas tree and exercises of the Baptist Sunday school will be held in Seminary hall, Friday evening.

Cooperative Banking.

The talk on cooperative banking in selectmen's room last week Wednesday night proved very interesting. J. L. Highland of Shirley told of the rapid growth of cooperative banks since the year 1877 when Governor Quincy petitioned the legislature for a charter, which was soon granted. At the present time there are 137 banks in this state with a capital of over \$50,000,000. Mr. Holland told how the working people all over the state are building their homes through the aid of these cooperative banks. He explained the meaning of shares, series, etc.; terms used in connection with the cooperative banking system.

Many Littleton people have taken out shares and others are contemplating taking out some in the fifth series which are now on sale. The latter closes January 6, 1910.

Well Presented.

The Arts and Crafts drama, "The Closet of Ellen," was presented in town hall last week Friday evening before a crowded house. The comedy, replete with entertaining scenes and situations, surprising problems and amusing solutions, claimed the intense interest of the audience from the opening scene to the conclusion. The cast, consisting of several old timers and not a few new figures, entered heartily into the several roles and presented a fine bit of clever acting. From the audience came frequent expressions of approval and well-earned applause.

The Cynthian orchestra rendered several fine selections that were received enthusiastically. The Ladies' quartet enjoyed their usual popularity, and Miss Miriam S. Carleton of Lynn generously contributed two beautiful solos, accompanied at the piano by Miss E. M. Sweet, an accomplished artist from Westford.

Between the acts a satisfactory patronage of the candy table helped swell the treasury.

To Mrs. J. M. Hartwell, director, is due a large share of the credit for the success of the entire affair. Net receipts amounted to nearly seventy-dollar dollars.

A Reception.

The town hall was not only adorned but fairly illuminated on Saturday afternoon last by the presence of about seventy-five of the little folks of the town, ranging in ages from five to fifteen years. About half of them were members of Mrs. C. R. White's juvenile dancing class and the other half consisted of children who wished they belonged to this same class, and wished with all their little hearts to, judging from their wistful glances towards the favored ones on the floor, and also by the ardor with which the bolder ones, inspired by the music, finally arose and timed to imitate the steps of the well-treasured ones.

The occasion was a reception given by Mrs. White to her class and their little friends. The invitation was also extended to the parents, and among the guests were several ladies from the towns of Harvard, Shirley, and Ayer, who were present by special invitation. No one could fail to note the excellence of the dancing, the almost perfect attention to the required time of each measure, and the observance of those little ceremonials of polite society which are never better learned than at the dancing school.

The favors distributed were paper caps, flags, fans and caricature prints. The matrons were Mrs. Lawrence and Mrs. F. B. Priest. Refreshments, always acceptable to the little ones, were served to all present at conclusion of dancing. The servers were Mrs. J. M. Hartwell, Mrs. C. F. Johnson, Mrs. J. H. D. Whitcomb and Mrs. Murray.

The interest which is being shown towards these dancing classes must be a motive of encouragement for Mrs. White, in the direction of the complimentary ball which comes later in the season, and which is always considered a brilliant number on the social calendar.

TRUTH ABOUT CATARRH

Sensible Methods Will Cure It. Wm. Brown Guarantees Hyomei to Cure Catarrh.

Catarrh can never be cured by taking medicines into the stomach nor by sprays, atomizers or douches.

Intelligent physicians have long ago discarded such ideas, and not one of them would be worth consideration were it not for the fact that unscrupulous persons prey upon the ignorance of the people in regard to new discoveries.

Catarrh is caused by germs and just as long as these germs thrive in the folds, crevices, nooks and corners of the mucous membrane that line the nose, throat and chest, just so long will you have catarrh.

There is only one way to cure catarrh, and that is to kill the germs.

There is only one remedy that will kill the germs when it gets where the germs are, and that is Hyomei.

Hyomei is made chiefly from Australian Eucalyptus and Eucalyptol combined with other germ killing antiseptics.

PEPPERELL.

East.
In a great many churches Sunday, December 19, will be recognized as peace Sunday. There will be special Christmas sermons by Revs. Child, Drawbridge and Webber in their respective churches in the morning, and the evening at the Congregational and M. E. churches Sunday school concerts.

Our neighboring town friend, Groton, has its streets lighted with electricity. It is seen that their lights are about 150 feet apart. Ours are 300 feet apart, but our streets appear to be lighted about twice as strong and bright. A good share of the credit for this condition is due our electrician, E. A. Johnson, who has figured amperage and voltage to gain these pleasing results.

The other day Frank R. Bennett found eighteen pearls in one oyster. They were of good size and shape, but unluckily the oyster had been cooked before the stones were discovered.

The annual Christmas fair of the Ladies' society of the M. E. church was held in the vestry Wednesday. The afternoon and evening sales were very successful, in part due to the attractive arranging of the booths. The supper from six to 7:30 was well patronized and satisfying to all. The entertainment at eight o'clock was exceptionally well rendered, and a fittingly pleasing ending of the day's success. To the committee in charge much praise is due.

L. F. Darling has opened a new studio at Saunders' corner, over A. F. Parker's store and express office. Mr. Darling's work needs no boost by pen. He is a Pepperell boy whose work in his other studios has proved him a competent photographer. He merits your patronage. Read his advertisement.

Mrs. F. N. Parker is visiting friends at Brooklyn, N. Y.

Mr. Newcomb, agent of the state board of charity, was in town, Monday, on business. Chief Monteith piloted him around on his mission.

Tuesday afternoon some one while on a gunning trip shot two hens belonging to Charles M. Fuller, Tucker avenue. Mrs. Fuller heard the shots, and looking out of the window saw some one come out of the woods on the Shattuck land and take the birds. Later investigation proved the birds were only. This appears to be the prank of some over-anxious boy hunter.

L. F. Darling has had his studio connected by telephone, 64-4. Whipple and Towne's number has been changed to 104-2.

The annual clock supper in the vestry of the Congregational church, Thursday evening, was enjoyed by about two hundred and fifty. The special feature was chicken pie. Pastor Drawbridge had a cheerful welcome for all, and his personal attention to the end that all should be waited on, was recognized as typical hospitality.

A. H. Harris and J. W. Valancourt of the Boston and Maine here, attended the poultry show at Milford, N. H., last Monday. These gentlemen are both enthusiastic fanciers. Mr. Harris intends to enter some of his birds at the Manchester show the last of the month.

Henry W. Lakin, driver of the steamer team, is unable as yet to attend his regular work. The team is being driven by Charles Reed.

Miss Leonora Bradley left Wednesday for Cleveland, Ohio, to join Vaughn Glasser's St. Elmo Company. They lately gave very popular recitals at the Academy of Music in New York city. She will be with them for the season, which includes engagements at Columbus, Detroit and other large cities.

Mrs. A. H. Harris is quite ill at her home with pleurisy.

Town electrician Johnson states that he hopes all the necessary work will be completed by Tuesday, so that the lights of the covered bridge district will be re-lighted. This cannot be done with safety until all the other wires are taken away, and this cannot be completed any earlier.

We have had an extensive call for sample copies, which we are pleased to mail. All new subscribers can have two years for \$1.50.

Wm. H. Annis is able to be out again after being confined to the house with a severe cold.

The break and entry at the store of H. F. Jordan's is no longer a mystery. The police department have discovered who the guilty one is, and he knew it and got out of town, but will be apprehended in good season. A good share of the credit of this is due Officer Tarbell, who it will be remembered has always been able to make quick work of these local breaks.

The sale of Red Cross anti-tuberculosis stamps is about the average. We have advocated the extensive use of these during this holiday season. All our sample copies carry these stamps thus putting into practice that which we recommend to others.

Under auspices of Woman's club, Central hall, Tuesday afternoon, December 21, at 2:45 o'clock, a lecture by Mrs. Frazier; subject, Mexico and the Mexicans.

Beacon lodge added honorable glory to their enviable record of hospitality as well as fraternal efficiency on Thursday evening, when they exemplified the second degree on six candidates in Prescott hall. Over three hundred guests from other lodges were present, and after the work was accomplished a turkey supper was served with the aid of members of Acoma Rebekah lodge. A special train of five cars brought wearers of the three links from Nashua. They formed in line and marched to the town house two abreast. This line extended from Railroad square almost across the bridge. It was an attractive spectacle and inspired one with the true idea of fellowship. The success of this affair reflects credit to the town.

For their convenience the street lights were lighted from the time they left the center until they took the train at 12:30. Many came from Fitchburg, Ayer and Townsend in autos and teams.

In the absence of the pastor, Rev. P. G. Favor, Mrs. Charles H. Tainter of Clinton, Conn., assistant secretary of the Congregational Church Building society, supplied the pulpit at the Congregational church last Sunday morning and evening. Dr. Tainter, during his secretaryship of twenty-one years, built 1600 churches, and Mrs. Tainter, who has worked with her distinguished husband, has raised money for over 700 parsonages. The story of their work in the middle west with headquarters at Chicago, was full of interest and inspiration, as she modestly related its outline from their resignation at the Milford, N. H., church twenty-five years ago to the time of Dr. Tainter's death in 1905.

Vigorous and zealous for the same good cause, Mrs. Tainter is continuing the work with headquarters now at Clinton, Conn., although not a little of her time is spent in Boston. She found here a most sympathetic and interested audience that will gladly welcome her whenever she is pleased to grant a renewal of the privilege.

Assaulted.
Last Saturday, about midnight, as James Lawton, employed at the webbing factory, member of the Nashobah male quartet, and a much-respected citizen, was returning home, he was surprised by a would-be captor and thief, who darted out from behind a large tree in front of Mrs. Grace Lawrence's house. The thug, who is described as a tall man, carrying a bag, seized Mr. Lawton by the throat, but the victim, who is not wanting in brawn, brain or backbone, dealt the miscreant a blow in the face that stunned and prostrated the assailant. Mr. Lawton then hurried home, secured a revolver and returned to the scene of assault, but could find no trace of his satanic majesty.

Death.

Another dark shadow was cast over our little town when on Sunday evening last the sad news of Mrs. Henry F. Works' death was wired from the hospital in Boston, where she went so hopefully for an operation little less than two weeks ago.

Only the most encouraging developments had followed the operation, and without the slightest premonition a change came, and within five minutes of its first evidence body and spirit were severed. Death was attributed to embolism. On the following evening her remains were brought to Littleton, and from her late home the funeral was held Wednesday afternoon, Rev. P. G. Favor, her pastor, officiated at the service, offering consolation to the bereaved husband and son, and extolling the virtues of the deceased.

Mrs. Works, whose maiden name was Mabel Foss, was born May 30, 1857, in Abbot, Me.

She was married on August 18, 1885, to Henry F. Works, and shortly afterwards moved to Littleton, taking possession of the farm on Great road, formerly owned by B. S. Hager.

To them were born two children, Ethel Almara, who married Orrin French and passed away little more than a year ago after a long, hard struggle with tuberculosis, and a son, Henry, now a lad in his teens.

Mrs. Works has been a heroic sufferer for many years.

Devoted to the interests of her family and home, she has given freely and lovingly of her thought and service for the welfare of husband, children and grandchildren, and that not infrequently when her body was racked with pain.

Twelve years ago she underwent an operation similar to that recently performed, and upon recovery took up her duties with renewed vigor and zeal. Her affectionate care for Mrs. French through her long illness at the Works' home gave peculiar emphasis to the beauty and strength of her character. In the courage and cheer which she always displayed in the presence of the invalid daughter, she was ideal, in her self-sacrifice and devotion to her needs, she was an exemplary mother.

For the little orphaned grandsons she has supplied a mother's warm heart and tender care. To her husband and son her death brings an irreparable loss.

Among the neighbors Mrs. Works stood for the highest traits of womanhood.

At the Congregational church, where the family worshipped, she was a free and willing worker and a cheerful contributor. In home and church she will be greatly missed and deeply mourned.

In the silence of the evening shadows her body was laid to rest by the side of her beautiful daughter in Westlawn cemetery.
